

## Ambrosia Landholder Christmas Party

Green Wind Renewables hosted a BBQ and drinks Christmas party with our amazing Ambrosia Wind Farm landowners and families in early December. We appreciate it's a busy time of year with harvesting, sheering, and numerous Christmas events, and we wanted to take the time to thank those involved in the project and wish them a wonderful festive session.

We deeply value the partnership established with our host landowners, recognising their pivotal role in the Ambrosia Wind Farm project and wish to thank them for coming on this exciting journey with us.

A massive thank you to the Moodiarrup Sports Complex for hosting us and providing such delicious food and drinks.

## A Christmas Message from Green Wind Renewables and the Ambrosia Team

As the festive season approaches, we want to take a moment to express our heartfelt thanks to everyone in our network – especially our landowners, neighbours, partners, and stakeholders who have joined us on this incredible journey towards a cleaner energy future for Western Australia.

This past year has been one of growth and milestones for Green Wind Renewables. We've expanded our team to 18 passionate individuals, advanced land agreements across several key projects, and made significant progress with our wind energy initiatives, including the installation of our first wind monitoring mast, expected to be operational before Christmas. These achievements are a testament to the trust, collaboration, and shared vision we have with all of you.

From our team to yours, we wish you a Merry Christmas and restful festive season. Here's to a prosperous and sustainable 2025 – we're excited to build on this year's success with you in the new year!
