Ambrosia Wind Farm Team Out and About in the Community

The Ambrosia Wind Farm team continues to be out and about across the project area, meeting with neighbours and community members as part of our ongoing engagement program.

We value the opportunity to have open conversations, answer questions and provide updates as the project progresses. Whether it's a quick chat at the front gate, a scheduled meeting or a community event, we're committed to keeping local residents informed and ensuring feedback is heard.

If you haven't had a chance to connect with the team yet, or if you have any questions about the project, we'd love to hear from you.

To get in touch, please contact:

We look forward to continuing the conversation and working closely with the community throughout the development of the Ambrosia Wind Farm.
