## Community Information Drop In Sessions - Darkan and Moodiarrup

Thank you to everyone who came along to our recent Ambrosia Wind Farm community drop-in sessions in Darkan and Moodiarrup.

Across the four sessions, we had the opportunity to catch up with local community members, share the latest information about the Ambrosia Wind Farm and answer questions about the project.

It was great to have the time for some good conversations and to hear directly from the community about the things that are important to them as the project progresses.

Thank you again to everyone who took the time to drop in, have a chat and provide feedback.

We appreciate your interest in the Ambrosia Wind Farm and look forward to continuing the conversation with the community.

If you were unable to attend one of our recent community drop-in sessions, we'd still love to hear from you.

Please get in touch with our Community Relations Director to ask questions, provide feedback, or learn more about the project.
